

Results of the Deckers 2009 Rincon Classic brought to you by Surf Happens. The story tail event was held on Saturday and Sunday January 17 & 18 under sunny skies with 85 degree weather, and head high waves prevailing. After six straight weeks without a rideable wave at the point, the Queen was absolutely beautiful for the event, light offshore winds grooming her regal lines to perfection much to the delight of contestants, and the 1,000 plus spectators watching the high powered action.
